ServicePoint 5 is up and running. We are still working out issues. Comments from the users present were discussed.

➤ **CoC Pre-app Requirements Moving Forward**

Beginning next year, when renewing for grants, HMIS certification will be required. If agencies do not have certification, Helen could say no to funding. Agencies will be scored according to the following:

1. Meeting participation, both User Group and Advisory Committee.
2. Participation in the AHAR and Pulse.
3. Null Data Values should be no more than 5%.
4. Quarterly Data Timeliness report. Remember data entry within 5 days. Beginning 1/1/2012, it will change to 2 days.

➤ **Reporting**

Demonstated using ART reports in ServicePoint 5.

➤ **Pulse Project Reminder**

Numbers are due to Fred for July 27. If the data has not changed from last time, just email that to Fred.
